Cancellation Policy

A short cancellation (or no show) is defined as when there is failure to provide 24 hours' notice for a support or service.

Providers are able to claim 100 percent of the agreed fee associated with the cancellation of a support service, when the cancellation timeline is not met by the client.

Whilst the NDIA is recommending 7 clear business days' notice of cancellation, Afea is proud to offer a cancellation policy that offers better terms for NDIS participants where you only need to provide 24 hours' notice if you wish to cancel a service.
